How Many Changes in a Year?

Out of every 100 People listed in last Directory—

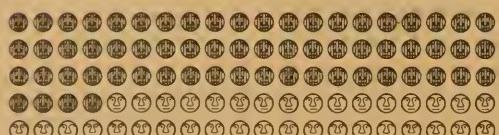

16% to 18% move away, or die

New People, equal to 17% to 19% move into town, or reach listing age

26% to 29% more change their address, or their jobs, or some other vital fact that affects their listing

59% to 67% of the People listed have new information in some particular, which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities, and do not vary 5% in any year

These people are your Customers
That is why we make Directories

The Waltham Directory

MASSACHUSETTS

1936-1937

Containing

Alphabetical Section (page 165). Gives names, occupations and addresses of all men and women eighteen years old or over and all business houses. Dates of deaths during the previous year are given, and where possible, the addresses of people who have moved to other cities. The names of partners in firms are given in this department (the wife's name being in parentheses) also incorporated companies and their officers with much other information that cannot be found elsewhere.

Business Directory (page 121.) All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

Street, House and Home Owners Directory (Pink Section) (page 401). A complete list of Streets, showing location of intersecting streets, and enabling one to tell at once between what streets a given number lies, and the quickest way to get there.

All Householders and Places of Business are arranged in numerical order upon their respective Streets. The Streets are arranged in alphabetical order.

A new feature in this edition is the symbol (Δ) which denotes places of business and houses having telephones.

A VALUABLE FEATURE:

HOMES OWNED BY OCCUPANTS INDICATED BY SYMBOL®

(Note: this information is as given to our canvassers, and is not guaranteed by us. It should be of value as an indication, but not taken as legal proof of title.)

Advertising Department (page 65). Where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

Map (opposite). The clearest map ever made of the city, on a scale large enough to see and small enough to be handled easily.

Miscellaneous Information (page 11). Organization of City Departments, giving officers—Post Office branches—Parcel Post zones and rates—Institutions, etc., with officers—Courts—Population tables,—Calendar, etc.

(For detailed Index to Contents, see page 7)

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

Consult Your Directory

Accurate Information is worth all it costs.

City Directory Statistical Review

Suggested and Planned by American Community Advertising Association

Adopted by Association of North American Directory Publishers

With Co-operation of Chamber of Commerce, Earl J. Arnold, sec.

WALTHAM, MASSACHUSETTS

Form of Government: Mayor and Council; Council consists of four councillors-at-large, and seven councillors, one from each ward, elected biennially.

Population: State census of 1935, 40,557.

Area: 13.56 square miles.

Altitude: 67 feet.

Assessed Valuation: \$56,932,470 with \$33.80 tax per thousand.

White Population: 40,450, estimated 1936.

Colored Population: 105, estimated 1936.

Number of All Males: 19,439. **And of All Females:** 21,118, State Census 1935.

Native Born Population: 73.6 per cent of whole population.

Predominating Nationalities in City: American, Canadian, Italian.

Parks: Fifteen with 394 acres valued at \$1,085,000.

City's Bonded Debt: \$2,328,750.

Financial: One National bank with total deposits of over \$5,550,000 and resources over \$6,000,000. One Savings bank with total deposits of nearly \$10,000,000. One Co-operative Bank, assets in excess of \$6,600,000.

Post Office Receipts for Year Ending June 30, 1935: \$152,416.07.

Telephones in Service: 7,300.

Churches: Twenty-two.

Building and Construction: Value of building permits 1935, \$661,782.

Real Estate Transfers: 1,732. Number of homes, 8,845.

Industry: Number of establishments 132.

Trade: Territory (Retail) serves 300,000 people, 26 communities, within the trading area covering a radius of fifteen miles.

City Served by: Two railroad lines. Fourteen bus lines.

Amusements: Largest theatre or auditorium seats 2,500 people. There are three theatres, with a total seating capacity of 4,000 people.

Hospitals: Three with 250 beds; also Metropolitan State Hospital with 1,560 beds; Middlesex County Sanitarium with 258 beds; Walter E Fernald School for Feeble Minded, 1,800 beds.

Education: Number of schools, twenty including three high schools and three parochial schools. Number of pupils in public schools 6,340, in private schools 2,516. Total number of teachers in public schools 235.

Libraries: There are 103,309 volumes in the libraries of the city.

City Statistics: Total street mileage 113.795 with 75.681 miles paved. Miles of sewers, 64.539. Capacity of water works (municipal) 14,660,000 gallons, daily average pump 2,287,254 gallons, with 93.916 miles of mains and value of plant estimated at \$2,094,448.75. Fire department employs eighty men with following motor equipment: eleven autos, two engines, three hose and chemical wagons, two hook and ladder trucks, one chemical, in five stations houses. Value of fire department with property is \$150,000. Police department has fifty-six men with one station and six pieces of motor equipment.

WALTHAM, MASSACHUSETTS

Incorporated a town in 1738.
 Voted to apply for City Charter November 30, 1883.
 Incorporation act approved June 2, 1884.
 Accepted by town July 16, 1884.
 Election of first Mayor and Aldermen December 2, 1884.
 Inauguration of first Mayor June 5, 1884.

* * * * *

LOCATION

Situated on the beautiful Charles River, nine miles west of Boston, the rich and fertile plain on which stands the present city of Waltham was called "Eden Vale" by the earliest settlers. Altitude 67 feet, total area 13.56 square miles.

INCORPORATED

In 1738 this area, which then comprised the Western Precinct of the town of Watertown was incorporated as a separate town and named Waltham, but it was not until the establishment of a paper mill in 1788 that it became anything more than an agricultural community.

TRANSPORTATION STARTS

In 1826 Waltham achieved the distinction of a daily stage to Boston, and with the improved transportation thus afforded, became a popular residential town. One of the early Governors of Massachusetts, Christopher Gore (1805) built a magnificent house with bricks brought from England, and surrounded it with imported shrubs and trees. This house and the extensive grounds were used for several years as the property of the Waltham Country Club. The property, especially the house and immediate grounds will soon be restored to their former grandeur and historic attractiveness by the present owners, the Society for the Preservation of New England Antiquities.

1843 — THE RAILROAD

The Fitchburg Division of the Boston & Maine Railroad Company was opened for operation as far as Waltham, November 10, 1843 and to travel, December 20, 1843.

BECOMES A CITY

Waltham had outgrown town government, and was incorporated a city on June 2, 1884. The last three decades have seen a rapid increase in the number of homes within its borders, not at all surprising in view of the advantages which Waltham offers both to those who commute to Boston and to those who work near their homes. There are excellent automobile roads, three convenient stations on the steam railroads, and bus lines which connect with the Boston Elevated System at several dozen points.

POPULATION

Waltham's population in 1765 was 633; in 1865—6,896; in 1930—39,247; and in 1935—40,557, with a potential population of approximately 300,000 residing in the twenty-six communities that comprise the Waltham Shopping District. It is essentially an industrial city with a very definite shopping center serving many communities which latter form a complete circle about Waltham. Waltham is making a substantial growth as a residential city. With an area of 13½ square miles, the city has ample room for expansion without overcrowding.

TRANSPORTATION FACILITIES

Waltham is situated in the fourth largest metropolitan district, which in itself insures an excellent local market for all kinds of products. It is connected with Boston by two railroad lines, the Massachusetts Central and the Fitchburg Divisions of the Boston & Maine Railroad, the latter offering excellent rail shipments to the Central, West, Far West and Northern and Canadian points. Motor truck lines add to the ease of quick shipping facilities. Together with the Watertown Branch, these three roads provide ample shipping facilities, with spur tracks available when needed. It is only a short haul by truck to tap the main line of the Boston & Albany Railroad at Newtonville providing quick rail transportation to points South and West. The Middlesex & Boston St. R. R. Co. operates twelve inter city bus lines. There are two other bus lines.

1788 — THE FIRST MILL

Paper manufacturing was the chief business of the town in the early days. Here, in 1788, John Boies, taking advantage of the waterpower privileges on the Charles, built a paper mill. This was soon followed by similar mills at the western and eastern boundaries of the town. In 1812 the Waltham Cotton and Wool Factory Company started operations at the present site of the large mills of the Waltham Bleachery and Dye Works, Inc. on River Street. In 1813 came the Boston Manufacturing Company, famed the world over as the first complete cotton mill to include both spinning and weaving by power under one roof.

1854 — WATCHES

Waltham is often familiarly called the "Watch City" because for years the making of fine watches was its principal industry. The Waltham Watch Company, one of the largest manufacturers of watches in the world, was the first (1854) to make fine watches by machinery.

DIVERSITY OF INDUSTRIES

There are 125 industries engaged in the manufacture of watches, clocks, knit goods, precision machinery, furniture, canoes, enamelware, jewel bearings, plumbing supplies, yard goods, paper, iron and brass castings, traffic signs, window frames, optical goods, paper tubes, dairy and poultry food, pest exterminators, mica products, electrical switches, batteries, salesbooks, loose leaf account systems, grinding wheels, rivets, builders' finish, lacquer-chemicals, gauges, patent leather, oil burners, rayon metering pumps, and women's shoes, also hundreds of other products.

AGRICULTURE

Although Waltham has long been known throughout the world as the home of high grade industries engaged in the manufacture of quality products, it has always maintained its position as an important agricultural center. Here are located the headquarters of the Middlesex County Farm Bureau. In the beautiful section of the city known as Cedar Hill is located the Waltham Field Station, a branch of the Massachusetts State College. Experiments are in progress in vegetable gardening, fruit growing, and ornamental horticulture. Civic pride is strong among the residents of Waltham and at the Field Station our citizens receive help and free information regarding the maintenance of their lawns and shrubbery and the general upkeep of the home grounds.

METERS — POST OFFICE RECEIPTS

Statistics of interest show 11,271 electric meters; 7300 telephone stations; 6,729 water meters; 9,840 gas meters; postal receipts of \$152,416.07.

2,600 STORE EMPLOYEES — 488 STORES

Waltham stores are well stocked and well managed and carry a complete range of merchandise at prices as favorable as any in the large centers. Nearly 2,600 persons are employed in Waltham's approximate 488 retail outlets.

BANKING FACILITIES

The Waltham National Bank, a fine and progressive commercial bank, founded in 1836, has resources of over \$6,000,000 and deposits of over \$5,550,000. Waltham has a Savings Bank eighty years old with deposits of nearly \$10,000,000 and over 17,000 depositors. The Waltham Co-operative Bank was organized in 1880 and the present assets are in excess of \$6,600,000.

22 CHURCHES

There are twenty-two church congregations, also numerous philanthropic societies including the Waltham Community Fund, Inc. embracing nine relief, social service, philanthropic and character-building agencies.

FRATERNAL SOCIETIES

Nearly every leading fraternal society has at least one branch in the city, while some have more than one. The stranger in the city will find here to welcome him those affiliated with his own organization. Three theaters present entertainment of a high grade. The Embassy Theater has a seating capacity of 2500.

3874 HOSPITAL BEDS

There are three hospitals, the Waltham Hospital, 216 beds; the Waltham Baby Hospital and Cousens Hospital. In addition, there is the Middlesex County Sanatorium 258 beds; the Metropolitan State Hospital for the care of the insane which is now under construction, the present capacity being 1560 beds; and the Walter E. Fernald State School for the Feeble Minded, the oldest of its kind in this country, present capacity 1800 beds.

PUBLIC SERVICES

The superior water supply of the city is derived from driven wells fed by underground courses, but in case of need, the city can tap the Metropolitan system at a comparatively small expense. Practically all of the residential and business districts are connected with the sewer of which there are now 62.647 miles. Disposition of the sewage is made through the South Metropolitan system. The tax rate in Waltham is a favorable one. This has not been brought about by excessive valuations.

VALUATION \$55,743,450.

The valuation of the city for 1935 was \$55,743,450. In 1934 there were 9488 cars registered. There are approximately 8,845 residences.

TWO UNIQUE INSTITUTIONS

The Hamblin L. Hovey Memorial Institute is a brick structure of attractive design, located at 545 Main Street. A main auditorium seats 1200. A small lecture hall, served by a kitchen, accommodates approximately 100. Well endowed, its purpose is to "provide recreation, amusement, instruction and baths" without charge to the men of Waltham. Lectures and educational extension courses predominate.

The Jonas Willis Parmenter Rest Home, directly opposite the Institute, provides room and board and medical attendance if needed for stated periods of convalescence to women residents of Waltham.

The above mentioned buildings are models of their type, very well furnished and ably managed. Both are unique institutions doing a splendid work.

WALTHAM PUBLIC LIBRARY

Gift of Francis Buttrick is a structure of beauty. Close by is the Waltham Post Office another public building of attractive design.

EDUCATIONAL ADVANTAGES

Waltham is the center of an area of educational institutions many of which are world-known. Within an area of less than 20 miles are the following prominent educational institutions:

Academy of the Assumption, Academy of Notre Dame, Andover Newton Theological School, Babson Institute, Boston College, Boston University, Cambridge School, Inc., Dana Hall, Emmanuel College, Harvard University, Lasell Junior College, Lesley School, Massachusetts Institute of Technology, Massachusetts School of Art, Milton Academy, New England Conservatory of Music, Northeastern University, Perkins Institute & Mass. School for the Blind, Portia Law School, Posse-Nissen School, Radcliffe College, Regis College, Rosemary Academy, Sargent School, Simmons College, Suffolk Law School, Tufts College, Wellesley College, Weston College, Wheelock School.

PUBLIC SCHOOLS

In the City of Waltham proper are over 6,000 public school pupils enrolled in sixteen buildings, many of which are of modern design and construction. Two Junior High School buildings are of impressive design, each provided with a spacious auditorium and gymnasium extensively used for community purposes. A Trade School trains boys for immediate entrance to four different trades.

PAROCHIAL SCHOOLS

In addition to its public schools, Waltham has three parochial schools, two of which provide High School courses. St. Joseph's Grammar School and St. Mary's High School have an enrollment of 1318, St. Charles Grammar and High School an enrollment of 720, and St. Pierre's an enrollment of 478.

WALTHAM SCHOOL FOR GIRLS

The Waltham School for Girls located on Lexington Street, one mile north of City Hall was founded in 1860 by Benjamin Worcester and was co-educational. In 1912 it became the Waltham School for Girls. The property is owned and controlled by the New Church Institute of Education. The estate embraces approximately ten acres of rolling land with sloping hillsides bordered by a clear running stream and made picturesque by beautiful old shade trees. Chapel Hill is that division of this institution which embraces studies in grades below the eighth and is the co-educational branch of the school life. The Waltham School for Girls with Miss Louise Fay, Principal, is a day and boarding school which acts as a home school for young people from the lowest grades through preparation for college.

MOUNT PROSPECT SCHOOL FOR BOYS

Nestling among the pines and attractive foliage of the Piety Corner district is the Mount Prospect School for Boys, a private school which had its inception in the mind of the late Arthur Carey. The first class started studies in 1922. It has a very limited enrollment thus providing for individual instruction. Studies are so offered that they prepare for entrance to college. It is a most unusual schoolhouse, an attractive colonial type of building and is endowed so that the students may be in an environment of home influence under most competent direction.

NOTRE DAME TRAINING SCHOOL

One of the very attractive educational institutions of Waltham is the estate of eleven acres forming the grounds of the Notre Dame Training School, also the Provincial House of the eastern diocese. The buildings of stucco are of plain but stately architecture, well set off by most attractive grounds. This institution is operated under the direction of the Sisters of Notre Dame de Namur which organization started its work in the United States in 1840 and in this Commonwealth in 1849 and in Waltham in 1889.

WALTHAM TRAINING SCHOOL FOR NURSES

Waltham's most unique educational institution is the Waltham Training School for Nurses which for many years enjoyed the title of being the only school in the country to give this particular type of training. It was established in 1885. A distinguished graduate, Miss Charlotte McLeod is credited with the assistance of Dr. Alfred Worcester with organizing the Victorian Order of Visiting Nurses in Canada.

MIDDLESEX COLLEGE

Middlesex College, chartered in 1850, moved to Waltham in 1928 and erected a group of Norman Gothic buildings on its 96-acre campus that are a triumph of architectural originality. With its large medical school and its rapidly growing academic department, the college is engaged in a program of continuous building and expansion. It has a student body of 350 and a faculty of fifty teachers and physicians, many of whom have come to make their homes in Waltham.

THE WALTHAM CHAMBER OF COMMERCE

Is Waltham's largest and outstanding civic and commercial organization. Its membership embraces the outstanding civic leaders of the Community. Incorporated in 1917, it has been a dominant factor in the remarkable growth of this city, thus giving a prestige to those enrolled in its membership.

RECREATION

With parks, playgrounds and other facilities for outdoor recreation, Waltham is bountifully supplied. In the very heart of the city there is an unusually fine Common of 7.2 acres on which is located a stately as well as attractive City Hall. Prospect Hill Park is a natural beauty spot of 218.91 acres, such as can seldom be found within walking distance of a busy city. It is the highest elevation within the city limits and a vista of over 40 miles is obtained from its vantage points. It is provided with good roads, enticing pathways and camping sites. The Cornelia Warren Park, lying between Waltham and Waverley contains 67.78 acres. The State Girl Scout headquarters are housed in the spacious mansion on Cedar Hill, left for the purpose by Miss Cornelia Warren. The grounds embrace acres with many interesting features and with an area for camp sites, on which Scout Troops from various cities of the Commonwealth locate their camp houses. There is also the High School Athletic Field of 10.5 acres and ten active playgrounds of 45.4 acres competently supervised with an efficient corps of instructors. The Charles River, with its facilities for boating and canoeing in the summer, and ice sports in the winter, has long been famed as a pleasure stream in New England.

MOTOR ROUTES

For the motor enthusiast, Waltham is an ideal center. Many main thoroughfares converge at Waltham Common, giving a choice of routes to the Berkshire Hills, Cape Cod, or the White Mountains. U. S. Route 20 passes through Waltham to Boston, 9 miles east.

LABOR SUPPLY

Waltham has an excellent supply of both skilled and unskilled labor. Much of this population is native New England stock with a permanent residence in the city. Fire hazard and insurance rates are low, land values and rents are reasonable.

INDUSTRIAL SITES

Along both lines of railroad there are many acres of land available for manufacturing plants, some so located that only a few hundred feet of spur tracks are needed. The city itself owns a large tract of land at Roberts Station, which has been specially set aside for manufacturing purposes. This land is offered at much less than the assessed valuation to industries planning to build within a short time of purchase.

ADVANTAGES OF WALTHAM

Good government, splendid roads, fine schools, congenial social conditions, a high standard of citizenship, convenience to shipping points, nearness to a market, excellent transportation facilities, sanitation above the average, abundant recreational and amusement facilities, the advantages of homes in the open spaces combined with urban conveniences—these are the qualities that go to make a city desirable—and Waltham has them all.

The Waltham Chamber of Commerce composed of the business and civic leaders of the city, welcomes inquiries and will be glad to make a complete and intelligent survey of the situation for any prospective industry or business.

Waltham will continue to register a very definite increase in population, development of its Retail Shopping District and during the next five years will make a decided gain in the number of new residences. With a very favorable cost of living figure and a proximity to Boston, the Waltham district is proving very attractive to many industrial and business houses in addition to home seekers. New construction in 1936 has started well. New houses are being erected to take care of those seeking residence here.

WALTHAM IS THE PLACE

WHERE all the operations of cotton cloth were first performed under one roof.
 WHERE chalk crayons were invented and first made.
 WHERE kerosene oil was first refined and made available for household usage.
 WHERE watches were first successfully manufactured in the United States.
 WHERE the first single Board of Government for cities in Massachusetts was adopted.

A Lasting Advertisement

**Insuring Maximum Coverage at Minimum
Cost Is Now Available**

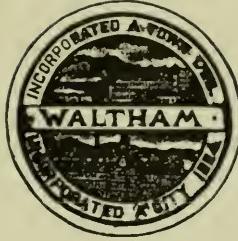

City Directory Advertising lives as long as the book is current. It is readily at hand and can, through cross indexing of proper representation, be made easy to find and fully informative. Any business-man, desirous of effectively registering a service or product, in such a manner as will form a permanent advertisement, owes it to himself and his business to be thoroughly informed on City Directory Advertising.

Your City Directory is not alone a local medium. By a system of distribution through nearly 500 City Directory Libraries, your advertisement takes on a national aspect. Send for descriptive Library Folder and Privilege Card.

LIBRARY DEPARTMENT

Waltham Public Library

735 Main st

Board of Trustees—Rev Francis E Webster Chairman; John J Flynn jr, Secretary; Miss Evelyn G Sears, William H Slayton, Dr Nicholas W Cousens

Librarian—Leslie T Little

Assistants—Raymah H Smith, Nora C Rooney, Ethel M Nute, Helen M Nims, Gladys L Davis, Mabel I Buell, F Dorothea Williams May E Jones, Helen L Hosmer, Elizabeth A Cunningham, Frances Connolly, Jane Pride Frances Atwood

The Waltham Public Library is the union of three libraries. (1) The Waltham Social Library, founded in 1798, and the earliest Waltham library, was given to the Unitarian Society, and later, in 1865, was presented to the town. (2) The early Boston Manufacturing Company's Manufacturers' Library was given to the Rumford Institute Library, which, in turn, offered all of its books to the town in 1865. (3) The Agricultural Library of the Waltham Farmers' Club was presented to the town in 1874. The Public Library was first housed (1865) in the Bank Building on Main street. In 1879 it was moved to the corner of Charles and Moody streets (Welch Block). In December, 1915, the Library was moved to the present building, which is the gift of a Waltham citizen, Francis Buttrick. The cost of the building was \$124,000

There are two Branch Libraries, the South Branch, established in 1919, now located in the South Junior High School Building, and the Lakeview Branch, established in 1925, in the Nahum Hardy School, Lake street

There are about 102,566 volumes in the Library. About 227 newspapers and periodicals are received. There is also an excellent collection of pictures on every subject, arranged in Classified form, which may be taken from the building. The Library undertakes to help all by supplying information and in looking up difficult reference questions when requested

The circulation in 1935 was 412,120, an average of 10.5 books per capita. The City appropriates about \$34,000 a year for the support of the Library and its Branches. There are in addition seven endowment funds for the purchase of books: The Lowell Clark Fund of \$5,000; The Enos T Luce Fund of \$1,000; The Jacob Whitney Fund of \$1,000; The Porter L Newton Education Fund of \$5,000; The Phineas Lawrence Fund of \$2500; The Lorenza Haynes Bequest of \$1,000 and The Pryor Fulton Fund of \$5000, which yield about \$900 a year; The Mary J McEvoy Fund of \$1,000

Library Hours

Main Library—Every day except Sundays and holidays, 9 A.M. to 9 P.M.

Children's Library: 1 to 6 P.M.; Summer hours, 9 A.M. to 6 P.M.; Saturdays, 9 A.M. to 6 P.M.

NOTE 1.—On parcels collected on rural-delivery routes the postage will be 2 cents less than shown in the foregoing table when for delivery anywhere within the first three zones and 1 cent less when for delivery in any other zone, provided they are indorsed "Mailed on rural route."

NOTE 2.—The local rate applies to parcels mailed: (1) At any post office for local delivery at such office. (2) At any city letter-carrier office, for delivery by carriers from that office. (3) At any post office from which a rural route starts, for delivery on such route, or when mailed on a rural route for delivery at any other point thereon, or at the office from which the route starts, or for delivery on any other rural route starting from the same office.

NOTE 3.—Parcels weighing less than 10 pounds measuring over 84 inches but not more than 100 inches in length and girth combined are subject to a minimum charge equal to that for a 10-pound parcel for the zone to which addressed.

Weight limit, 70 pounds. Limit of size, 100 inches, length and girth combined.

WARDS

Ward One—Beginning on Main st at its intersection with Spring st; thence westerly by Main st to Weston st; thence by Weston st to the Weston town line; thence by the Weston and Lincoln town lines to Winter st; thence by Winter st to Lincoln st; thence by Lincoln st to Lexington st; thence by Lexington st to Pond st; thence by Pond st to Exchange st; thence by Exchange st to School st; thence by School st to Spring st; thence by Spring st to the point of beginning.

Ward Three—Beginning on Main st at its intersection with Grant st; thence easterly by Main st to the Watertown line; thence southerly by the Watertown line to the Charles river; thence westerly by the Charles river to a point opposite Harvard st; thence to Harvard st and by Harvard st to Charles st; thence by Charles st to Grant st; thence by Grant st to the point of beginning.

Ward Four—Beginning on Main st at its intersection with Grant st; thence westerly by Main st to Weston st; thence by Weston st to the Weston town line; thence southerly by the Weston town line to the Charles river; thence easterly by the Charles river to a point opposite Harvard st; thence to Harvard st and by Harvard st to Charles st; thence by Charles st to Grant st; thence by Grant st to the point of beginning.

Ward Five—Beginning on the Charles river at a point opposite a private way through land owned by the Waltham Gas Light Company and known as Cooper lane; thence southerly to and by said private way or Cooper lane to Pine st; thence easterly by Pine st to Lowell st; thence by Lowell st to Myrtle st; thence westerly by Myrtle st to Moody st; thence southerly by Moody st to Ash st; thence westerly by Ash st to Crescent st; thence northerly by Crescent st to Prospect st; thence by Prospect st to the Charles River; thence easterly by the Charles river to the point of beginning.

Ward Six—Beginning on High st at the Newton line; thence westerly by High st to Lowell st; thence southerly by Lowell st to Myrtle st; thence westerly by Myrtle st to Moody st; thence southerly by Moody st to Ash st; thence westerly by Ash st to Crescent st; thence northerly by Crescent st to Prospect st; thence by Prospect st to the Charles river; thence by the Charles river to the Newton line; thence by the Newton line to the point of beginning.

Ward Seven—Beginning on High st at the Newton line; thence westerly by High st to Lowell st; thence northerly by Lowell st to Pine st; thence westerly by Pine st to a private way through land owned by the Waltham Gas Light Company and known as Cooper lane; thence northerly by said private way or Cooper lane to the Charles river; thence easterly by the Charles river to the Newton line; thence by the Newton line to the point of beginning.

Wherever a street, way or the Charles river is mentioned in the foregoing as a dividing line, the center of such st, way or river shall be the line of division.

Waltham Directory Reference Department

Where more information than is possible to give under the classified listings is placed on file for buyers reference. The value of this department is inestimable. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information.

To have within reach such a fund of classified information as the Directory contains, is a help to any business man.

Should you wish to know the full name, home or business address, occupation, even the wife's name of any man in the city, the chances are good, you will find it in the Directory.

You can find where to buy and where to sell. How to get anywhere in the city and so many other items of interest, that will make this book well worth the price.

The A-B-C of Insurance

Against Business Loss Means That You Must be listed In The Great and Only Real Buyers Guide—The City Directory—The Publication That Lists Them All.

If you are not Properly listed you are missing the opportunity that is presented to every business concern to become a stockholder in this great enterprise on a co-operative basis. The dividends are the service and low prices. It is the greatest illustration of the socialistic principle of doing business that there is in our modern society. The City Directory is the book of the people and places every individual in the city on the same basis. This gives the small business the same opportunity as the large business—a truly democratic principle and a rare one today.

Give this matter your careful attention and be listed in the Great Information Bureau of the City where it can be instantly located. It is a card index system of the city with four different ways of indexing and nothing with a name and address exists that cannot be readily found by any person who knows their A-B-C'S.

A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

A Buyer Wants Information

Does your copy tell him more than he already knew when he turned to the page bearing your advertisement? Purchasing agents often tell us they find a concern specializing on just what they are looking for by turning to these descriptive spaces, but that in many cases insufficient information is given.

Whatever helps the buyer to find what he wants means business for the seller. Anyone referring to a directory advertisement does so because he is already interested. Therefore space need not be used to attract attention or create desire.

Treat the reader as you would a person coming direct to you, inquiring about your service or product with the idea of doing business. Don't let your prospect turn away from your ad without finding out why you are equipped to serve him.

How to Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

Too Late for This Issue?

Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of the Waltham Directory.

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put "We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the directory that describe it's product is wise.

Investigate the City Directory, the book of many uses

Sampson & Murdock Co.

Directory Publishers Since 1846

WALTHAM BUSINESS FINDER

Copyright, 1936, Sampson & Murdock Co., Boston, Mass.

The classification of Headings is made in accordance with a Standard List adopted by the Association of North American Directory Publishers, to secure uniformity in all Directories, and to promote convenience of reference. The * denotes headings inserted by special contract or reference to general headings.

Bricks Without Straw

In ancient times, we are told, the Israelites were forced to do their work without the proper materials. They did it—after a fashion—but at an enormous cost in time and labor. Labor was cheap in those days, however, and their task masters had the power to insist upon the full quota being given in spite of limitations.

Now the labor market is high, yet, in many cases history repeats itself. We still often see business trying to get along without the proper tools or with antiquated equipment.

You *can* do business without the telephone; it is possible to get along without a typewriter; you may use a quill pen for your correspondence if you so desire; it is your privilege to be without insurance, or the latest directory. If you wish you may still use a mailing list that was old when grandfather was a boy.

If the results are not entirely satisfactory, it is up to you.

Some firms prate wisely of business efficiency and then lose time and money sending to wrong addresses culled from an out-of-date directory. Rather than spend the few dollars necessary to insure themselves being properly listed under all the headings applicable to their business, they run the risk of letting their competitor get their trade. They save the first cost and waste postage stamps by the gross.

Would you improve on old methods? Then phone or write at once for particulars to

A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

WHAT OUR DIRECTORIES CONTAIN

A Map of the City	Societies and Institutions
A Street Directory	Hotels
Halls, Blocks and Buildings	Courts, Officers etc.
Public Parks and Squares	Alphabetical List of Names
Railroads	Business Directory
City, County and State Dept.	Publicity or Advertising
United States Dept.	Section
Churches and Ministers	Etc., Etc.

WE PUBLISH REFERENCE BOOKS OF THE FOLLOWING CITIES AND TOWNS

INFORMATION

in the mass seems like a dull proposition but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use of it however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much.

In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

CONSULT YOUR DIRECTORY

Accurate Information is worth all it costs.

Sampson & Murdock Co.

179 LINCOLN STREET - BOSTON, MASS.

WALTHAM GENERAL DIRECTORY

1936-1937

Copyright, 1936, Sampson & Murdock Co., Boston, Mass.

Wife's Name—Appears in parentheses following husband's name when obtainable.

Removals—Against names showing removals from the city, the post office is given; if into another state, both the post office and state are given.

Deaths—The date of death of citizens whose names appeared in the Directory, dying since the last issue, is recorded against the name in the present book.

Sampson & Murdock Co.

179 LINCOLN STREET

BOSTON, MASS.

**Consult the Classified Business Lists in this Directory
to find what you want to Buy**

The Return Circuit in Advertising

*The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made*

Creative Advertising—in newspapers, magazines, billboards etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for Buyers to find **You?**

Boston, Mass.

WALTHAM STREET AND HOUSE DIRECTORY

Copyright, 1936, Sampson & Murdock Co., Boston, Mass.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them.

The Streets are arranged in **Alphabetical order** with the location of **Intersecting Streets** clearly shown.

Names of residents and business houses are arranged in numerical order upon their respective streets; on streets that are not numbered ciphers are used in place of a street number.

Business places are denoted by bold face numbers and business being given.

When a person's place of business and residence are the same place, it is indicated by business being given and abbreviation h at the end of the line.

After the name of a street the word **Street** is omitted; the words Newton, Lincoln and Lexington, when referring to city or towns of those names, are followed by the word **Line**; when not followed by the word **Line** they are names of streets.

*An asterisk preceding a house number signifies that the house is incorrectly numbered.

*Streets which have not been accepted by the city are indicated by an asterisk.

**Streets, a part of which have been accepted and a part remains unaccepted, are indicated by two asterisks.

A HOME OWNERS AND TENANTS DIRECTORY—a valuable feature showing which houses are owned by the occupants. The symbol, © following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Abbreviations are listed at beginning of Alphabetical Section.

WALTHAM, MASSACHUSETTS

The First City

Where watches were first successfully manufactured in the United States.

Where kerosene oil was first refined and made available for household usage.

Where chalk crayons were invented and first made.

Where all the operations of cotton cloth were first performed under one roof.

Where the first single Board of Government in Massachusetts was adopted.

WALTHAM is 9 miles West from the port of Boston, situated on the Charles River, and served by the Boston and Maine Railroad, with the Hoosac Tunnel Division, Massachusetts Central Division, Waltham Branch line and seven lines of Street Railway busses; also within fifteen minutes to six Railroad lines.

The City has exceptional business and manufacturing facilities.

WALTHAM bespeaks of a numerical population of 40,000 but a potential shopping population of 300,000 as it is the trading and working hub of a wheel that has 26 suburban shopping community spokes in its circumference of commerce.

THE CHAMBER OF COMMERCE

Through the public spirit and splendid co-operation of its citizens, Waltham maintains an active Chamber of Commerce, the slogans of which are:—

*Service To and For the Community
Civic Betterments, Industrial Growth, Bigger Business*

WALTHAM BIDS YOU WELCOME

Waltham Chamber of Commerce

JOHN J. ROGERS, *President*

OSCAR F. FALLING, *First Vice-President*

JAMES W. McQUISTON, *Second Vice-President*

GEORGE F. HUGHES, *Treasurer*

EARL J. ARNOLD, *Secretary*

MARGARET E. WHALEN, *Assistant Secretary*

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledge himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Association of North American Directory Publishers

354-360 Fourth Ave.
